The Ecology & Environment, Inc. (E & E) Technical Assistance Team (TAT) was tasked to complete removal funded activities at the above mentioned site. All assigned field activities have been completed on this project. Due to the conclusion of Option Period 2A of the TAT contract, the TAT cannot produce a draft nor final report before September 30, 1995.

If U.S. EPA would like TAT to complete a report or perform further work, a new TDD will need to be assigned to TAT during Option Period 3A of the TAT contract (beginning October 1).

This memorandum will serve as a final deliverable for all work completed under this TDD.
